

DESARZNER

O verão segue em movimento — e a Desayner acompanha esse ritmo com uma coleção pensada para os dias mais intensos da estação. No Alto Verão, os temas que marcaram a temporada ganham novas interpretações, com uma leitura ainda mais leve, descontraída e cheia de personalidade. As inspirações urbanas, esportivas, naturais e retrô continuam presentes, traduzidas em peças que refletem a energia dos dias ensolarados, das viagens de fim de semana e dos momentos vividos ao ar livre. As camisetas exploram estampas com tipografias marcantes, referências ao universo college, elementos gráficos contemporâneos e uma combinação equilibrada entre minimalismo e criatividade. Já as bermudas reforçam a proposta de conforto e versatilidade, acompanhando diferentes momentos da estação com praticidade e estilo. Os contrastes continuam sendo protagonistas: o clássico encontra o moderno, a casual conversa com o esportivo e o básico ganha novos detalhes que valorizam cada peça. Uma coleção criada para quem valoriza autenticidade, conforto e liberdade para viver cada momento do seu jeito. Mais do que acompanhar tendências, a Desayner celebra um estilo de vida leve, espontâneo e cheio de atitude.

Porque o melhor do verão não está apenas na estação, mas na forma como você escolhe

viver cada momento.

Desayner - Alto verão 26/27
